DETAILED ACTION

Response to Amendment

1. The Applicant's Amendments and Accompanying Remarks, filed September 13, 2004, have been entered and have been carefully considered. All rejections have been overcome.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Melanie Rauch on September 27, 2004.

The application has been amended as follows:

Cancel withdrawn claims 1 – 15 and 43 – 72.

3. The following is an examiner's statement of reasons for allowance: Claims 16 – 27 and 30 - 42 are allowed. The present response overcomes the 35 USC 112, 1st paragraph rejection of claims 16 – 42 as not complying with the written description requirement as detailed in paragraph 4 of the Office Action dated July 13, 2004. Although the previously applied art Luccio (US 2002/0040210 A1) is considered to be the most pertinent art, it fails to teach or suggest applying a red blood cell lysing agent to a central region of the absorbent layer and a gelling

agent to the peripheral region of the absorbent layer, requiring that the red blood cell lysing agent and gelling agent are applied to separate areas and ***do not overlap***. Additionally, Luccio fails to teach or suggest an absorbent article having two layers, the first layer being treated in the central region with a red blood cell lysing agent and the second layer being treated in the peripheral region with a gelling agent. It should be noted that the red blood cell lysing agent ***is only*** applied to the central region of the first layer and the gelling agent ***is only*** applied to the peripheral area of the second layer.

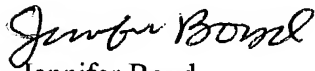

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
